The Long Branch races are now progressing, but Grant is not there, to mingle with the other horse-jockeys. It is said!  
General Brinkerhoff, who traveled extensively over Ohio during the last few weeks, is confident the State will go for Greeley.  
Another relative of Grant has just been discovered. His name is Robert B. Simpson, who holds the office of Gauger, at Dayton. He is a cousin of the Smoke-stack.  
Next week's BANNER will contain the scorching letter of Hon. JEREMIAH S. BLACK, and the ringing speech of Hon. JAMES SMITH, Jr., formerly of Mt. Vernon, heretofore alluded to in these columns.  
Hon. Willard Warner, late Republican United States Senator from Alabama addressed a Liberal Republican Greeley and Brown meeting, at Newark, on Saturday evening last. The ball is rolling on!  
The Delaware Gazette boasts on the fact that an individual was found in that town who was willing to bet \$500 that Greeley would not carry Ohio by 20,000 majority! Such confidence as that is astonishing!  
The indications are that Horace Greeley will be elected by the largest popular vote ever given to a candidate for the Presidency in this country. The revolution is unprecedented. The victory will be overwhelming.  
Hon. John L. Miner, heretofore one of the leading and most influential Republicans of Cincinnati, is out for Greeley. He will be nominated and elected Probate Judge by the Democrats and Liberal Republicans.  
The Ohio Eagle states that it has full authority from the Honorable P. Van Trump to announce that "no Democrat in the land shall outdo him in earnest, honest, hearty work to elect Greeley and the whole Democratic ticket."  
The Steubenville Herald has discovered the fact that Greeley men were delegates to the late Republican Congressional Convention in that District, where the notorious Blingham, of Mrs. Suratt's memory, was slaughtered. It is said!  
Maine votes on the 9th of September. This has been a Republican State for many years—the majority ranging from 10,000 to 30,000. But the Democrats and Liberal Republicans entertain strong hopes of carrying it at the next election.  
Col. William Schouler, formerly editor of the Columbus Journal and the Cincinnati Gazette, and for many years a distinguished Republican journalist in Massachusetts, is out for Horace Greeley. He is a gentleman of high character and great influence.  
President Grant's daughter bought 40,000 francs worth of silks and laces of one store in Paris. So the French papers say. It is so natural for Grant's relatives to patronize France! But then it may be possible that they are preparing to set up a millinery shop after the 4th of March.  
Mr. Bascom, who has been sick and absent for some time, has returned, and resumed his duties as editor of the Republican. That paper this week is comparatively decent—at least it has none of the personal abuse and low scurrility that characterized its columns, under Mr. B's. absence.  
A preacher named C. S. Dolittle, is making Grant speeches at Mansfield. To see this hypocrite advocating the election of a horse-jockey and an associate of black-legs, is enough to bring religion into disrepute. His congregation should promptly dismiss him. He cannot serve God and mammon.  
While Grant was enjoying the hospitalities of Mr. Pullman, up among the "Thousand Islands" of the river St. Lawrence, he became so much "fatigued" as to prevent him from seeing visitors. If a Democrat was in the same condition, the Radicals would sweat him drunk. But Grant don't get drunk! Oh, no! He only becomes "fatigued"! Bah!

During the past few years no paper in the country has abused "Brick" Pomeroy more than the Mt. Vernon Republican. Mr. Bascom called "Brick" a blackguard, a rebel, a liar, a scoundrel, and ever so many hard names. But "Brick" having sold himself to the Radicals, is now engaged in heaping abuse upon Honest Horace Greeley, in his usual slangy style and this vile, disgusting stuff is published and imprinted by Mr. Bascom! We expect he will next publish "Brick's" portrait and biography of the editor of the Republican.

Brother Gleason of the Mansfield Shield and Banner, in giving an account of his late visit to Western Missouri and Kansas, says: "Indeed that whole range of Southwestern counties, in Kansas, is repudiating Grant and his corrupt administration. There is an upheaving in Kansas for Greeley that betokens a close fight for the mastery in that hitherto impregnable Radical Republican State. In Missouri there is no showing for Grant, and it is rare to find a Grant man."

The Democrats and Liberal Republicans of the Tenth District, met at Fremont on the 8th inst, and balloted for a candidate for Congress. Upon the eighth ballot, after a spirited contest between Hon. W. P. Noble, W. W. Armstrong, of Seneca, and C. P. Prentiss, of Huron, Hon. R. Sloane, a Liberal Republican, of Erie county, was nominated for Congress. The nomination was made unanimous. Colonel Wm. E. Haynes, of Sandusky county, was chosen Elector.

Horace Greeley was in Congress three months, and in that time he instigated three reforms, which were then meted at, but have since triumphed, while the glory has been claimed by the Republican party. These reforms were the abolition of mileage, the Homestead Act and the international principle that a man may change his citizenship and allegiance. These were called "Greeley's crochets" when he instituted them.

The Democrats and Liberal Republicans of the Third Congressional District, composed of the counties of Butler, Clermont, Clinton, Fayette and Warren, met in Convention at Hamilton, on Wednesday week, and unanimously nominated John W. Sohn, a Liberal Republican, as their candidate for Congress. The Convention was largely attended and very harmonious. There is every reason to believe that Mr. Sohn will be elected.

When some of our Mt. Vernon Republicans called out to see Mr. Delano, when the first news came from North Carolina that the Conservatives had carried the State, that gentleman is reported to have said: "Oh, never mind; our friends have matters fixed all right in North Carolina, and the Republican ticket will be declared elected. Don't give yourselves the least trouble."

The Republican, in saying that Mr. "refused" to publish an article from Mr. W. A. Coulter, states what is not true. We simply told Mr. Coulter that his communication being an advertisement of himself, we would publish it at our usual advertising rates. He then said he guessed he would put his card in the BANNER instead, gave us a "smile" that was child-like and bland, executed one of his most exquisite bows, and gently departed.

Blanton Duncan, "Brick" Pomeroy and half a dozen other patriots, who are working in the interest of Grant, propose to hold a "Convention" at Louisville, and there nominate Mr. Charles O'Connor, of New York, for the Presidency. Mr. O'Connor is a man of too good sense to allow himself to become a tool of the Grant plunderers and thieves. He don't muster in that company.

Grant tells a Herald reporter that his friends inform him that he is sure to carry New York. The Express says that he has a far better chance of being struck by lightning at Long Branch than of carrying New York. Whole villages in New York State have gone over to Greeley. Republican counties have turned right over. The majority against him may not be over 20,000 but is very likely to be 100,000.

A dispatch informs us that the roaming Smokestack would leave New York on Tuesday to attend a Cabinet meeting at Washington; but doubtless before this paper will be in the hands of its readers he will be back at his old leading quarters at Long Branch, or in company with horse-jockey associates attending races at some congenial rendezvous.

We have published in detail the State debts Grant's carpet-baggers have created in the South, but here is the aggregate in ten Southern States:

At the end of the war.	Now.
\$76,415,300.	\$291,626,015.

—for which increase of \$215,210,715 the States have nothing to show! This kind of government the Administration seeks to keep alive.

We have good news from every county in this Congressional District. The friends of Greeley and Reform are heartily united, and confident of electing General Morgan by a good majority. The people are sick and tired of Grantism, and the army of leeches and incompetents who fatten at the public crib. The revolution is unprecedented.

Robert Hesse, a leading Republican merchant of Cincinnati, who is spoken of as a candidate for Congress by the Reformers, in a letter to the Enquirer, says: "There should be union, prompt and generous, regardless of personal or political preferences. With it we shall sweep the country like a whirlwind."

Horace Greeley, in a letter to a friend, expresses the opinion that the Democratic-Republicans will not only carry North Carolina in November, but will also carry New Hampshire, Connecticut, New York and New Jersey. The rest of the work will have to be done in the South and West.

The next President of the United States, Honest Horace Greeley, has met with enthusiastic receptions in N. Hampshire during the past week. The people, without respect to party, turned out to see and hear him talk. His speeches gave unbounded satisfaction.

The "Loyal" men of Mt. Vernon are in great travail in regard to the Mt. Vernon correspondence of the Columbus Journal. It is the plain truth that maketh them grieve. "Ths said!"

President Grant has appointed since the commencement of his term two collectors of internal revenue from the Second District of Mississippi. Both of these gentlemen were carpet-baggers, and both have become defuncts—one for the sum of \$6,620.20, and the other for \$58,314.48. This is the first civil service reform.

**Cheering News from Morrow County.**  
Our news from Morrow county is of the most cheering character. A large body of the Republicans, embracing its leading and most influential men, have severed all connection with the Grant faction, and are now heartily united with the Democrats for Greeley and Reform.

On Saturday last there was a large and enthusiastic meeting of Democrats and Liberal Republicans, at Sparta, which was ably and satisfactorily addressed by General Morgan, with good results.

On Monday, the Democrats and Liberal Republicans held a joint County Convention at Mt. Gleason, which was largely attended and very harmonious. A ticket was nominated, composed equally of Democrats and Liberal Republicans, embracing some of the very best men in the county. General Morgan informs us that that intelligent, high-minded, pious and influential man, Henry C. Shuck, Esq., of Johnsville, was nominated for Sheriff, with great unanimity. Mr. S. has heretofore been the leading Republican in the county, but is now heart and soul for Greeley and Reform.

O. C. Chase, of Sparta, a Liberal Republican, was nominated for Clerk. A Democrat, (whose name we have not learned), was nominated for Treasurer, and Mr. Brown, Editor of the Independent Republican, at Cardington, was nominated for Prosecuting Attorney. After the nominations were over, General Morgan delivered an earnest and telling speech. It is confidently believed that the Reform ticket will be elected in Morrow county.

**Grant Congressional Convention.**  
The Grant Congressional Convention for this (Ninth) District met at Marion, on Thursday, August 8th. Hon. R. C. Kirk, of Mt. Vernon was President, and Capt. A. E. Lee, of Delaware, Secretary. James W. Robinson of Union county, and Gen. J. S. Jones of Delaware, were announced as candidates for Congress. Mr. Robinson received 71 votes and Mr. Jones 56 votes. Mr. Robinson was then nominated for Elector.

Mr. Robinson is said to be a gentleman of fair talents and a good citizen, but he is the nominee of the Grant party, and that is enough to kill him politically.

Our Knox county "loyal" friends, who are ambitious for Congressional honors, were met at Marion on Wednesday week, and unanimously nominated John W. Sohn, a Liberal Republican, as their candidate for Congress. The Convention was largely attended and very harmonious. There is every reason to believe that Mr. Sohn will be elected.

When some of our Mt. Vernon Republicans called out to see Mr. Delano, when the first news came from North Carolina that the Conservatives had carried the State, that gentleman is reported to have said: "Oh, never mind; our friends have matters fixed all right in North Carolina, and the Republican ticket will be declared elected. Don't give yourselves the least trouble."

\$76,415,300.	\$291,626,015.

—for which increase of \$215,210,715 the States have nothing to show! This kind of government the Administration seeks to keep alive.

We have good news from every county in this Congressional District. The friends of Greeley and Reform are heartily united, and confident of electing General Morgan by a good majority. The people are sick and tired of Grantism, and the army of leeches and incompetents who fatten at the public crib. The revolution is unprecedented.

The next President of the United States, Honest Horace Greeley, has met with enthusiastic receptions in N. Hampshire during the past week. The people, without respect to party, turned out to see and hear him talk. His speeches gave unbounded satisfaction.

The "Loyal" men of Mt. Vernon are in great travail in regard to the Mt. Vernon correspondence of the Columbus Journal. It is the plain truth that maketh them grieve. "Ths said!"

President Grant has appointed since the commencement of his term two collectors of internal revenue from the Second District of Mississippi. **POLITICAL.**  
The dirty Fool of North Carolina politics has SETTLED.  
The young men—especially those who cast their first vote this fall—are all going for Greeley.

The World states that the Hon. Wm. M. Tweed is a supporter of Useless Grant for President.

Casey is still Collector of New Orleans and Leet & Stocking are levying a tax on the commerce of New York.

The Republicans of the Third District have nominated L. B. Gunkel, of Dayton, as their candidate for Congress.

Governor Jewell's new paper, the Hartford Post says: "We cannot cut on Iowa, Illinois, or Wisconsin, unless something causes the Greeley movement to die out."

The Grantites say there will be war in case Greeley is elected. So there will—a war of extermination on the thieves now in office, by filling their places with honest men!

\$50,000 for a stable, \$75,000 for rebel armies to electioneer with, and \$200,000 to carry North Carolina. These are the latest ways in which the people's money has been squandered.

Some of the Grant papers are trying to make a reputation for candor and fair play by admitting that Greeley did not burn Chicago.

Daniel Drew tells his friends to work and vote for Horace Greeley, and if they want to win bet on him.

The Democratic Congressional Convention of the Eleventh (Ohio) District nominated S. A. Nash, of Gallipolis, for Congress, and O. T. Ganning, of Logan, for Presidential Elector. Mr. Nash has heretofore been a Republican.

Hon. George W. Julian, late a Republican member of Congress from Indiana, is doing great good work on the stump for the Liberal cause.

Senator Thurman is sure that Greeley will get two hundred electoral votes, not taking Ohio into account, which he thinks will also go for Greeley.

When Federal office-holders refuse to pay liberally for election expenses, they are marked for Greeley, and that means dismissal. This is a Civil Service movement.

Guerilla Mosby's speech for Grant is published in all the truly loyal papers, with joyous expressions. If he had spoken for Greeley, now what a bad rebel he would have been.

A Banker at Crestline a few days ago, who takes stock in Grant, offered to bet that Greeley would not carry Ohio by ten thousand, and when taken up refused to come to time.

Theodore Tilton addressed a large meeting of Liberal Republicans and Democrats at Portland, Maine.

Senator Schurz addressed a very large meeting of Germans at Chicago on Saturday night.

A very enthusiastic Democratic ratification meeting was held at Allegheny City, Pa., on Saturday night.

Administration papers, when taxpayers pay off an installment of the national debt, call it "another argument why Grant should be retained."

Letters from all parts of Maine received at the headquarters at Washington, show that Liberal Republicanism is growing healthily there.

A dispatch from Helena announces a Democratic victory in Montana Territory—the election of Maginnis, Democratic candidate, for delegate to Congress.

The borough election in Stonington, Connecticut, resulted in a significant Liberal victory, the vote standing 129 for the Greeley ticket and 40 for the Administration.

A new paper under the editorial management of Mary E. Hoover, is now published at Bellair, Ohio. It boasts on its banner the names of Greeley and Brown.

Ned Buntline knows his business. He has commenced writing "rebel archives" to all the Republican party. He says they will make a fellow's hair stand right up.

A large number of colored people at Washington are now engaged in getting up a mass meeting having for its object the endorsement of Charles Sumner and Greeley.

Since Sheriff O'Brien, of New York, has declared his intention to support Grant, the New York Times has not once called him a thief. Before that the vilest abuse was heaped upon O'Brien by the Times.

According to the Radical press, A. T. Stewart lies, Schurz lies, Sumner lies, Pleasanton lies, Greeley lies, Fenton lies. Everybody lies but Grant, and he can't lie. How is that for hatchets and cherry trees?

The Democracy of Term House, Ind., dedicated their new temple Wednesday night. Hons. Thomas A. Hendricks and D. W. Voorhees made speeches. The gathering was very large indeed, and the affair passed off to the satisfaction of the management.

In response to a communication from W. H. Welsh of the Baltimore Gazette, Hon. J. S. Black of Pennsylvania has written a letter in which he reviews at length the political situation of the country, and advocates the election of Greeley.

How ready the Grant papers are to pick up all the Democrats they can find in the country who have said they won't support Greeley. It is getting to be about the only morsel of comfort they have left, and even this is diminishing fast.

"Grant's carpet baggers," said Mr. Beck in his Frankfort speech, "have robbed South Carolina of twenty-nine millions, and Governor Scott, out of his stealings, has built himself at his home in Marietta, Ohio, a house that cost thirty thousand dollars."

The Lafayette (Ind.) Journal (Grant paper) gives notice that Grant men of other States must not look to Indiana for any help in this canvass. "The situation here," it says, "is sufficiently grave to excite our most lively apprehensions."

At least fifty department clerks have been detailed to serve at the Capitol at Washington to frank and address political documents. Among those performing these duties are about ten ladies and six or seven colored clerks. One of the latter is engaged in franking envelopes with the name of "Henry Wilson, U. S. S."

The Grant Republicans are fighting the political battles of the late war over again. The Liberal Republicans and Democrats are fighting the battles of civil liberty and equal rights for whites and blacks in 1872. Hendricks is making a very effective canvass in Indiana, and will undoubtedly be chosen Governor by a large majority. The disreputable Morton will soon be as low in politics as he is in morals and manners.

The Washington Patriot remarks: "The defeat of John A. Bingham for renomination for Congress was a cruel blow, especially after he had, in his Eliza speech, defended the nepotism of the President, and nailed it with Scripture."

**North Carolina Election—Glaring Frauds Discovered.**  
The New York Evening Telegram publishes the following special from Raleigh, dated August 8, P. M. "This morning the report of the election is more doubtful than ever. Corrected returns increase Merriman's gains, and reports of illegal votes are constantly pouring in. Congressmen Waddell reports to General Burrington that heavy frauds have occurred in Wilmington, North Carolina, which alone will give the State to Merriman if established. In one precinct in New Brunswick County 83 votes were counted that were neither registered nor cast.

"One hundred illegal votes were cast at Bladen. Northampton sent a sufficient number of negroes, after voting here, into Harriet to carry the latter for the Republicans. At Raleigh, in this county, nearly three hundred illegal votes were polled, and in Caswell, Guilford and Rockingham large numbers of negroes were imported from Virginia, who voted."

"The Secretary of State says Caldwell will not be elected by the official vote. Angry congregations of people are around the telegraph office. Both sides are once again pleading for a return to the scene in North Carolina."

"Smith was elected to Congress as a Radical; he will be a Conservative in less than three weeks. He was a Confederate Major and a warm-hearted fellow, was engaged in hunting up deserters during the war."

"The counties in which \$250,000 were expended, under care of United States Marshal Elwell, and Senator Pool, have given the best majorities, yet it has cost fully \$150,000 to put fifteen hundred new votes."

**The Result at Last in North Carolina—Brilliant Triumph for Greeley.**  
The result in North Carolina, the first State which opens the Presidential campaign, is now pretty definitely ascertained. It is not satisfactory to the friends of Mr. Greeley? Here is what this State has done:

Elected a Greeley House of Representatives.  
Elected a Greeley State Senate.  
Elected a Greeley United States Senator.  
Elected five Greeley Representatives in Congress to three for Grant.  
Elected a Greeley Lieutenant-Governor.

The vote for Governor is so close that it will require the official canvass to settle who has the apparent majority on the face of the returns. If the Grant candidate is chosen it is by notorious frauds. The office will be contested before the Legislature meets, and Merriman will obtain it. We are sure of every thing in the old North State, and particularly so of ten Presidential electors in November, who will vote for Greeley and Reform. We are sure this State gave Grant 10,000 majority last year it gave nearly 10,000 majority for the Republicans. It has, therefore, been triumphantly redeemed, over the frantic efforts of Grant's friends. Our friends throughout the country should everywhere fire a hundred guns over this brilliant and substantial victory.—Cincinnati Enquirer.

**Hon. John F. Farnsworth for Greeley.**  
Hon. John F. Farnsworth, Member of Congress, heretofore one of the leading and most influential Republicans of Illinois, has addressed a long letter to the Secretary of the Illinois Republican State Central Committee of Illinois, in which he declines to make Grant speeches, but avows his determination to support and vote for Honest Horace Greeley, whose election, he declares, "will bring peace, good order and fraternal feeling to the South."

Mr. Farnsworth's letter concludes as follows: "The time has come when we should be a change of Administration. I have been a member of Congress, thirteen years, and truth compels me to say that, during that period there has been no improvement in the management of the public money, and the least accountability of those who have disbursed it during the present Administration."

"There can, and will be, no genuine Civil Service Reform until the Administration. The keeble apparent efforts which have been made in that direction are a standing joke, in Washington, among the chief friends of the Administration, and have increased the methods of 'how to do it.' Indeed, when they declare that the Administration is in favor of this much-needed reform, it is done with a wink of an eye, and a nod of the head."

"There should be a change of Administration in order to arrest the tendency to Federalism and Centralization, whither this one is rapidly hastening."

**Grant as a Diamond Speculator.**  
New York, August 9.—General McClellan and Marcy start for California to-night, probably taking in the new diamond mines on their way out. According to George Wileks, Grant is ahead of them. "Wilkes says: 'We learn that, acting upon these diamond reports and rumors, a formidable expedition of Government troops has been created in Utah, consisting of 150 men, to explore the precious fields; and what is more, that they set out as early as Saturday last on this trip. This official expedition has succeeded, therefore, in getting started, while all the private ones are still in the clouds, and we fear, though Lieutenant Wheeler's enterprise is to be conducted ostensibly in the public interest alone, that some favored prospectors will be allowed to accompany the troops, who will cover the eligible districts before the unfavorable adventures come up. We shall await patiently the result of Lieutenant Wheeler's expedition, and we shall not survive the establishment of the House Ring probably long if it fits turn out to be a really big thing. With fair luck, and with judicious handling of such things this, General Grant ought to be worth \$100,000,000 in another year, and another term of four years. A good opportunity would be then afforded to persuade him not to run again.'"

**Greeley as an Incendiary.**  
It is being proved that Greeley, Thompson, Holcombe & Co. burned New York in the war, evidence begins to thicken as to Greeley's agency in burning Chicago last October. This, then, is the way the vile deed was done:

"Mr. Greeley had a kicking cow on his farm, and sold the cow to Mr. O'Leary of Chicago, and Mrs. O'Leary was a warm admirer of Mr. Greeley's bucolic essays. She took the cow to the city, and in the chain of evidence, it is well established fact that the destruction of our forests produces drought. It is equally well established that for years past Mr. Greeley has been engaged in cutting down the Chappaqua forests, and that Chappaqua and Chicago are in the same parallel of drought. It is shown, therefore, that he was engaged in producing dry weather, and that he sold the cow to Mr. O'Leary, knowing what she would do, and advised her best method of accomplishing the result. And he did it successfully."

After Greeley's incendiary work in the two great cities of the country, it must require immense courage to vote for him for President.—N. Y. Express.

The Rev. Brothie-in-Law Cramer has been heard from again. He refused to present the American Consul at Copenhagen, Mr. G. W. Griffin, and his accomplished wife to Court, because they belonged to too low a grade of diplomatic rank to entitle them to that honor.

**Andy Johnson on the Situation.**  
KNOXVILLE, TENN., Aug. 11.—Ex-President Johnson spoke here last evening two hours and a quarter. Mr. Johnson said he was no candidate for office. The Government had been drifted from constitutional moorings and become a plaything of an irresponsible Congress, at the dictation of a corrupt Executive. He reviewed President Grant's administration with severity, and discussed official gift-taking as bribery. He favored one term and the election of a President by direct vote. The re-election of Grant would be a great national disaster. He accepted Greeley on the principle of universal pressure of circumstances beyond human control, which has limited the choice to two men. It is no time to say this or that is not my party, but let us unite in saying this is my country. The country must have reconciliation, restoration, civil rights to all citizens, confidence between sections, and reform of civil service. An officer of the North Pacific road, named Dwyer, is the agent who is employed in this blackmailing job. Many of the clerks have positively refused to deliver, and Dwyer threatens them with dismissal. Mr. Washington Enquirer.

We copy the following from the Harrisburg Patriot: "General Hartman was in Washington last week. While there quite an active life of funds was going on among the clerks in the several Departments. An officer of the North Pacific road, named Dwyer, is the agent who is employed in this blackmailing job. Many of the clerks have positively refused to deliver, and Dwyer threatens them with dismissal. Mr. Washington Enquirer."

The Dwyer here spoken of is "Little Joe Dwyer" formerly editor of the Coshocton Age, but who, on account of his dirty work for Delano, was taken into the confidence of that gentleman, and appointed to a lucrative office in Washington. This infamous business of blackmailing the poor clerks, under a threat of dismissal from office if they do not suffer themselves to be robbed, is just in character with Columbus Delano, and this little rascal Dwyer is the very person to execute the order of his master. When Honest Horace Greeley is elected he will send these blackmailers and thieves about.

**Noble Letter of Horace Greeley.**  
It is not this noble letter, written immediately after the assassination of President Lincoln and the capture of Jefferson Davis, when there was the most excited state of feeling in the North against the South.

OFFICE OF THE TRIBUNE,  
New York, May 16, 1865.

"MY DEAR SIR: I have yours of the 8th, for which I thank you. I heartily concur with your view of the situation of our National policy, and am doing my utmost to have mercy and magnanimity its ruling attributes. Only let the late insurgents join with us in saying slavery is no more, and that we shall gradually mould the pulpit will to our views. Just now the assassination of President Lincoln has made the North furious; but we shall outgrow that. I shall endeavor to labor and suffer reproach in the service of Heaven-blessed charity and mercy."

"Yours, HORACE GREELEY."

**The German Press.**  
There are one hundred and fifteen papers printed in the German language in the United States. They are thus divided politically:

For Greeley and Brown.....	81
For Grant and Wilson.....	30
Neutral.....	1

Most of the Grant papers receive pay in some form from the National Treasury.

Mr. B. F. Orlin, of Jefferson township, Richland county, a life-long Whig and Republican of the Vermont school has abandoned Grant, and is now heart and soul for Greeley.

# THE BANNER.

WM. M. HARPER, LOCAL EDITOR.

Mount Vernon, August 16, 1872

## LOCAL BRIEVITIES.

— We have had several refreshing rains during the past week.

— Gen'l Morgan is announced to speak at Delaware on Saturday.

— There was a magnificent auroral display on Thursday night, August 8th.

— The Columbus Journal will please not credit the Republican's political nonsense to the BANNER.

— Dr. Sterling, of Gambier, attended the Licking County Teachers' Association at Newark, last week.

— The eight hour system is popular among the young ladies of Mt. Vernon— from 7 P. M., to 3 A. M.

— Loads of fine watermelons are now for sale by our grocers. We believe they came by rail from Indiana.

— An exchange says of Grant, he was busy in war, idle in peace and first in the pockets of his countrymen.

— The total amount realized from the sale of the various stands in the State Fair Grounds at Mansfield, is \$2942.

— Bring your Job Printing to the BANNER office if you want it done in good style, and at reasonable prices.

— The Republican has out a roster crowing over the Democratic victory and Grant frauds in North Carolina.

— All persons who weigh over 300 lbs. can take part in the Fat Men's Convention at Put-in-Bay. That lets us out.

— An exchange pronounces camp-meetings "sink holes of iniquity." Knox county is not troubled with these gatherings.

— The 4th Annual Reunion of the Sherman Brigade, will take place at Perryville, on the 20th inst. Those interested will please remember.

— The Ashland Press takes place of the Union. The paper has been enlarged and greatly improved. It is now edited by Messrs. Nelson & Gates.

— The amount realized for the right to sell eatables and drinkables within the State Fair enclosure, at Mansfield, will be between \$4,000 and \$5,000.

— The Cooke farm, in Pike township, consisting of 184 acres, was sold a few days ago by Mr. Wm. Deberry, of Coshocton county, for \$55 per acre.

— The Grocery store of Giddes & McFarland, at Mansfield, was entered by burglars on Sunday morning, and about \$20 worth of notions stolen.

— A black snake, measuring five feet 3 inches, was recently killed near Darlington, Richland county, by a Mr. Cornell—Richland is great on snakes.

— A number of fast horses are receiving practice daily over the splendid track on the State Fair Grounds at Mansfield, preparatory to their entry for the State Fair.

— J. E. Wharton, Esq., of Mansfield, who has taken the subject in hand, says that twenty-five thousand people can be accommodated in that city during the State Fair.

— Samuel W. Farquhar, Esq., has left for West Liberty, Muscatine county, Iowa, where he thinks of ultimately removing. For the present, his family will remain in Mt. Vernon.

— Willie Scribner, aged six years, son of our townsman, Dr. John J. Scribner, fell into an open cistern, a few days ago, but was fortunately rescued before any serious harm was done him.

— The contract has been let for grading the Atlantic and Pacific Railroad through Hartford township, Licking county. This road will probably pass through Hilliard township, Knox county.

— Our late townsman, Dr. C. S. Verdi, is now practicing medicine in New Brunswick, N. J., as we notice by the New Brunswick Times, a Greeley paper, which he has had the kindness to send us.

— G. W. DUAL, will sell at public sale at his residence in Milford township, 13 mile South-west of Mount Vernon, on Wednesday, August 28th, horses, cows, calves, sheep, wagons, farming utensils and other articles.

— Among the new music just published is "Dolly Varden's Dead March." We are glad to hear that she has had a dead march. If we can find out at what time it is to come off, we shall attend her funeral with far more than ordinary pleasure.

— The Columbus Journal's Mt. Vernon correspondent calls the Grant candidate for Prosecuting Attorney in Knox county "William Gulliver Coulter." The Columbus Postmaster seems to have a particular spite against some of our truly loyal townsmen. We protest against this.

— Beecher's "Silver Wedding" takes place October 8th. The "Clerk of the Church" has sent us a circular, saying that if we desire an invitation, or wish to make a present, to let him know. No, thank! We shall send all our extra presents to our friend Mr. Grant, who is a very poor man, and needs assistance.

— The fire on Friday night last destroyed the Foundry of Mr. Matt. Kelly, on the Coshocton road, just beyond the corporation limits. The engines all went out, but before they reached the scene of conflagration, the building was in ashes. Mr. Kelly is a hard-working, industrious man, and he has the sympathies of all our citizens in this misfortune.

— H. B. & H. L. Cushts have the handsomest and best furnished law office in the city, which occupies the rooms of the old Knox County National Bank, corner Main and Chestnut streets. Some time in October Mr. Curtis will complete his fifteenth year of practice at the Mt. Vernon bar, and next June he will celebrate the fifteenth anniversary of his marriage.

— The following shipments were made from Mt. Vernon during the month of July, 1872: Manufactured machinery, 407, 697 pounds; butter, 14,683 pounds; eggs, 973 barrels; wool, 57,473 pounds; oats, 575 bushels; wheat, 2099 bushels. During the same month was imported of building materials as follows: Lumber, 379, 431 feet; shingles, 110,500; lath, 121,200.

— A gentleman who has been traveling through the South-western part of the county, informs us that in Hilliard township alone there are 28 Liberal Republicans. Good enough.

— On Wednesday morning the construction train, for the first time, passed over the new Railroad bridge at the foot of Main street, and at the present writing track laying is progressing rapidly West towards Columbus.

— A vote was taken on the train of the Cleveland, Mt. Vernon and Delaware Railroad last Thursday, after leaving Mt. Vernon, which resulted as follows: Greeley, 80; Grant, 0; Doubtful, 1. Who declared he would not vote for Grant.— This is published for the benefit of the Republican.

— A team of horses attached to a wagon, which were left unattended on the corner of Main and Gambier streets, on Wednesday evening last, started out the street, on a trot, but finding they were at freedom to go where they pleased, dashed off at a speed resembling Longfellow's, till they succeeded in smashing the wagon against a tree box on Gambier Avenue.

— The Methodist Episcopal Church, corner Gay and Chestnut streets, Mt. Vernon, is undergoing several changes and improvements. The outside walls are receiving coats of Cleveland stone paint, while the inside will be changed entirely. The seats throughout will be changed differently, and a gallery for the choir will be erected immediately behind the pulpit, making the edifice as attractive as any of the kind in the city.

**Funeral of George B. Potwin.**  
The funeral of our late townsman GEORGE B. POTWIN, Esq., took place on Sunday afternoon last, and was unquestionably the largest that ever occurred in Mt. Vernon. Long before the time fixed upon for the ceremonies, the commodious mansion of the deceased was filled with friends and acquaintances, and the ample grounds around were crowded by those who were anxious to show their respect to a public-spirited and useful citizen; while on the streets, outside, for a distance of two square, carriages were standing ready to join in the procession.

The funeral ceremonies were conducted by the Rev. Mr. Thompson, Rector of St. Paul's Church, and Rev. Mr. Moore, of the Congregational Church—the former reading the solemn church service, and the latter delivering an eloquent and appropriate address which he alluded to many interviews and conversations held with the deceased for some time before his death. The music, which was unusually beautiful and appropriate, was furnished by Mr. and Mrs. W. B. Russell, Miss Cal. White and Mr. Beardslee.

After these ceremonies, the body was removed from the house to the lawn in front, and there laid in state for some time, until the large crowd of people within the enclosure could take a "last, lingering look" at the once familiar face of George B. Potwin, before his body was committed to its mother dust. The procession was then formed under the direction of Gen. Jones, as Marshal, with the following gentlemen as pall-bearers: Judge Adams, Sheriff Beach, R. C. Kirk, J. C. Devin, Lewis Britton, L. Harper, Harrison Atwood and P. D. Sturges. It is said that about two hundred carriages joined in the procession. The casket, which was one of the most beautiful and costly that has ever seen in Mt. Vernon, was covered with wreaths and crosses, made of rare and beautiful flowers. Quite a number of distinguished gentlemen from a distance attended the funeral, conspicuous among whom was Hon. Charles Potwin of Zanesville, a cousin of the deceased.

**Arrest of a Horse Thief.**  
The fire of last Friday night got our worthy Sheriff A. J. Beach and City Marshal J. A. Mitchell out in very good mode to accomplish an object requiring considerable detective skill, which was the arrest of a horse thief and the recovery of the stolen animal. The circumstances as near as we can learn, are as follows: About dusk on Monday evening information was received by them to the effect that a person had been seen in Liberty township during the day endeavoring to trade a very fine bay horse, and offering such good bargains as to create suspicions as to his honesty. Upon receiving this information the above gentlemen thinking themselves justified in giving him a chase, about one o'clock the Sheriff hitched up his horses and they started in pursuit, going directly to the neighborhood where he was last seen, where they succeeded in striking his trail, which they followed until they housed their game about day-light in the hotel of Peter Shaffer, at Mt. Liberty, bounding upon the gentleman in his sleep. When arrested he affected great indignation at the conduct of the officers, and at first protested his innocence, but seeing that they didn't believe him, he finally confessed that he had stolen the horse from a Mr. Paul Oliver, living near Perryville, Ashland county, Ohio. He gave his own name as Charles Dunlap. The owner of the horse having come on and identified his property, returned home with it on Monday evening last. The Sheriff left for Ashland with the prisoner on Tuesday.

**Railroad Subscriptions.**  
The subscription books of the townships of Butler, Union, Jefferson, Brown, Howard, Clay, Morgan, Pleasant, College, Monroe and Pike, have been placed in the hands of Messrs. Critchfield and Graham, Attorneys, for collection. One-half of these subscriptions has been due since the 25th of June, and the other half will become due on the 25th of September. The company is in need of the money to defray the expense of constructing its road to Columbus. It is earnestly requested that the subscribers will meet their engagements promptly as we wish to complete the road to Columbus by the 1st of January next, if possible. R. C. HURD, Pres't.

— A severe storm passed over south-eastern Kansas Monday night, which did considerable damage to crops. The new court house at Girard was blown down, and a freight car blown from the track near Paola.

— Fisher Bros., heavy oil merchants in Pittsburgh, failed Monday. Liabilities estimated at one million dollars, but their assets largely exceed this amount. It is probable that their creditors will grant an extension.

To the Editor of the BANNER:  
Much has been said by the Grant Republicans to prove that the late Cincinnati Convention was composed of office-seekers, and in consequence the friends of Mr. Greeley are sore-heads, place-hunters, &c. One would be led to believe that the followers of Grant are of a different class of citizens entirely. Without entering into argument to prove or disprove the Grantites assertion, I will merely relate a little anecdote, which forcibly illustrates the fact that preaching is one thing and that practice is another.

A few days since the Grantites held a Congressional Convention at Marion, to select a candidate for Congress, to represent this, the 9th District, in the next Congress, Knox county was entitled to 23 delegates. Let us look at the men selected for that purpose, and see if their hands are clean and pure from the stain of office-seeking and office-holding. The Delegates are all estimable citizens, as citizens, but it is their political aspirations we have to do with, and not social standing. But to the list of delegates and alternates:

W. R. Sapp—Late Member of Congress and now Revenue Assessor.  
W. C. Cooper—Late Prosecuting Attorney, now Member of the Ohio Legislature and aspires to attach M. C. to his name.  
J. C. Devin—Late Ohio State Senator, and later an Independent Candidate for the same.  
R. C. Kirk—Late member of the Ohio Legislature, late Lieutenant-Governor of Ohio, late Minister to the Argentine Republic.

Only twenty-four out of a delegation of twenty-eight. Can our Grant friends see the conundrum?

For a few weeks past the Mt. Vernon Republican has been firing pop-guns at those late of the Republican party, who have the moral courage to adhere to the principles they have been true to, and manifested their intention to vote for Honest Horace Greeley, for President.—What the Editor means to accomplish by this course, I know not, neither do I care. Like the feeble efforts to crush Mr. Greeley, their chickens will come home to roost, and before their nests. I had a better opinion of Mr. Bascom. The old saying that the more you know a man the more you find him out, still holds good.

RICARDO.

Secretary Boutwell, having paid out \$75,000 for rebel documents, to assist in the re-election of Mr. Grant, is now anxious to represent to the people that this expenditure will save the Government hundreds of thousands of dollars. This may or may not be true, and in the absence of positive evidence, the people will be inclined to look upon this assertion of the Secretary of the Treasury as an attempt to excuse himself for paying out of the National Treasury a sum of money wrongfully and only in the interest of the President. Such a proceeding is not calculated to advance the cause of the Republicans, and must necessarily strengthen Mr. Greeley.—*Columbus Dispatch*, [Independent.]

**Triumphant for Twenty Years.**  
More than twenty years ago the Mustang Liniment was first introduced in the West. It cures of the various external diseases of horses and cattle, attended the planters and farmers of the Mississippi and Ohio Valleys, and a demand for it sprung up which necessitated its manufacture on an extensive scale. Soon the discovery was made that it was a grand specific for rheumatism, gout, neuralgia, carache, toothache, and other external ailments of mankind. Then it was tried as a healing, pain killing application, in cases of outward injury, such as cuts, bruises, burns, spasms, &c., and was found equally serviceable. The fame of the new remedy for some of the most painful ills that afflict mankind and the lower animals, spread rapidly, and Mustang Liniment soon took rank in every State and Territory of the Union as a standard cure.

**Ayer's Cherry Pectoral,**  
For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.  
Among the great discoveries of modern science, few are of more real value to mankind than this effective remedy for all diseases of the Throat and Lungs. A real trial of its virtues, throughout this and other countries, has shown that it does surely and effectively control them. The testimony of our best physicians, of all classes, establishes the fact, that Ayer's Cherry Pectoral will not only relieve the most distressing coughs, but also the most dangerous diseases of the Throat and Lungs beyond any other medicine. The most numerous affections of the Pulmonary Organs cured by this preparation, are public-spirited and humane, as it is so easily and so speedily taken, and it is so effective, that it has been used by thousands of persons, and has cured many of the most dangerous diseases of the Throat and Lungs. It is a safe and reliable remedy, and its use is recommended by the most eminent physicians of the day. **Ayer's Hair Vigor,**  
For restoring to Gray Hair its natural Vitality and Color.  
A dressing which is at once agreeable, healthy, and effective for preserving the hair. It soon restores the color of gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality is given to the scalp, and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.  
Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, LOWELL, MASS.
